

March 4, 2024 | 9 am to 8 pm | Jacaranda, India Habitat Centre, New Delhi

WRI India invites you to Uddeshya: Towards Gender-Responsive Urban Mobility Systems. This conference will focus on integrating gender perspectives in decarbonization strategies to drive sustainable changes in the transport sector.

Moving towards a low-carbon future requires an accelerated decarbonization of the transport sector, which contributes to 14% of India's total energy-related emissions. Decarbonizing the transport sector is critical in meeting COP28's call for a "just, orderly, and equitable energy transition" and creating a more inclusive and integrated transport system and society for all.

In 2024, Uddeshya aims to spotlight inclusive mobility as a powerful catalyst in decarbonizing transport. Integrating gender perspectives into decarbonization strategies will pave the way for greener transit systems and more resilient cities. Recognizing diverse mobility needs, amplifying marginalized voices, and fostering accessibility for all genders and communities are critical to mitigating the environmental impact of transport systems while ensuring social equity.

Uddeshya is being organized by WRI India, under the aegis of the Forum for Decarbonising Transport, a NITI Aayog-led platform for enabling more ambitious and inclusive transport decarbonisation action. In 2023, Uddeshya brought together 80+ key stakeholders from city governments, transport departments, industry, and civil society organizations to deliberate on policy frameworks for gender-responsive mobility and implementation pathways for achieving equitable access to mobility and opportunity for all.

This year, the conference will showcase a wide array of projects driving inclusivity in the transport sector and recognise and people who have contributed significantly to further gender-responsive mobility.

AGENDA

TIME	SESSION DETAILS
9:45 am - 10:15 am	<p>Inaugurating the exhibition ‘Moving in Her Shoes’ A curated walkthrough of projects undertaken to strengthen gender-responsive mobility.</p>
10.20 am -11.15 am	<p>Plenary Envisioning an Inclusive and Equitable Clean Mobility Transition Explore the importance of, and pathways for, integrating gender-responsive approaches in transport decarbonization strategies.</p>
11.15 am -11.30 am	<p>Launch of the EquiMobility Champions and Women On The Move, Asia</p>
11.45 am -12.15 pm	<p>Fireside Chat Practical insights into building gender-responsive mobility systems</p>
12.15 pm -1.30 pm (followed by lunch)	<p>Panel Discussion Shaping Inclusive Mobility in Cities An in-depth discussion on initiatives contributing to more inclusive urban mobility systems for women and other marginalized groups.</p>
2.30 pm - 5.00 pm	<p>Masterclass Gender Mainstreaming in Urban Transport Systems. Engage in an in-depth learning session on integrating gender perspectives in transport plans.</p>
6 pm - 6.30 pm	<p>Panel Discussion Changemakers Driving Sustainable and Equitable Mobility in India.</p>
6.30 pm onwards (followed by dinner)	<p>Uddeshya Awards Celebrating Excellence in Gender-Responsive Mobility Recognizing and Celebrating individuals contributing towards gender-responsive mobility.</p>
