# STATION ACCESS AND MOBILITY PROGRAM (STAMP)

9:00 am to 1:00 pm | Pawan Mulukutla and Sudeept Maiti | Vivanta by Taj (Private Session)

During this session, the STAMP cohort will present their pitches for transforming urban mobility in Bengaluru. STAMP fosters entrepreneurial and citizen lead solutions for high-quality last-mile connectivity to mass transit networks in Indian cities - starting with Namma Metro in Bengaluru.

*The session will be followed by lunch from 1:00 pm to 2:00 pm.*

# SHOWCASING WRI INDIA'S DECADE IN BENGALURU

2:00 pm to 3:45 pm | Multiple Venues, Vivanta by Taj

In four parallel sessions, WRI India will present our work in Bengaluru on the following themes:

[Shared + Electric Mobility Futures](#) (Private Session) | Srikanth Shastry

This session will bring together experts from industry and the NGO sector, to discuss a way forward for electric and shared mobility.

[Sustainable Practices for Integrated Townships](#) | Jaya Dhindaw and Deepak Krishnan

The relevance of sustainable practices in townships is to build communities that provide safe, comfortable and healthy living opportunities. This session will discuss the opportunities and challenges towards achieving this purpose.

[Integrated Urban Water Management](#) | Vittal Boggaram

This session will focus on identifying the issues faced by cities and explore integrated approaches for water management, to make cities resilient to water risks.

[Tools for Data-driven Cities](#) | V. Surya Prakash

This session will explore tools for participation, engagement and information dissemination with the potential to improve service delivery to citizens.

*The segment will be followed by tea from 3:45 pm to 4:15 pm.*

# ACKNOWLEDGEMENTS

Our work is made possible through the generosity of a growing number of partners who share WRI's goals and objectives.

Their support makes it possible for WRI India Ross Center to work with key stakeholders to help Indian cities make informed decisions on land-use and infrastructure, including transport and energy, to shape future growth and bring about transformational change.

At Unlock Bengaluru, we would particularly like to acknowledge Stephen M. Ross Philanthropies, FedEx and Toyota Mobility Foundation. Their support has been crucial to our deep ongoing engagement with the city.

We also want to acknowledge the contributions to our cities and transport work from Pirojsha Godrej Foundation, Bloomberg Philanthropies, MacArthur Foundation, DOEN, Hewlett Foundation, Oak Foundation, Shakti Foundation, Shell Foundation, Qualcomm and Underwriter's Laboratory.

# ABOUT WRI INDIA ROSS CENTER

WRI India Ross Center is part of WRI Ross Center for Sustainable Cities.

WRI Ross Center for Sustainable Cities works to make urban sustainability a reality. Global research and on-the-ground experience in Brazil, China, India, Mexico, Turkey and the United States combine to spur action that improves life for millions of people.

Based on longstanding global and local experience in urban planning and mobility, WRI Ross Center uses proven solutions and action-oriented tools to increase building and energy efficiency, manage water risk, encourage effective governance and make the fast-growing urban environment more resilient to new challenges.

Aiming to influence 200 cities with unique research and tools, WRI Ross Center focuses on a deep cross-sector approach in four megacities on two continents, and targeted assistance to 30 more urban areas, bringing economic, environmental and social benefits to people in cities around the globe.
